## FOREWORD

Finding it impossible  
to express  
in sketches and phrases  
Our true impression  
of high school,  
We invite you  
to look  
behind the pictures---  
to read  
between the lines.  
Only there is it possible  
to catch a glimpse  
of the personalities and activities  
We know and love.

*Dedication*

MR. FREDERICK C. REINEKING

Twinkling brown eyes, a cheerful smile, yes, that describes our friendly principal, Mr. Reineking. He has won the respect of all who have come in contact with him during his ten years at the Dells. He rules the student body, not with an iron fist, but with kindness and understanding. The students, appreciating this fact, cooperate fully with their principal.

As a token of our appreciation for the years of patience and understanding we dedicate this 1956 Arrow to Mr. Reineking.

Any girl may join GAA and participate in many activities throughout the year such as volleyball, badminton, basketball, hikes, bike rides, bowling, and softball. GAA is run on the basis of points. After receiving so many points you are eligible for a letter. GAA is well represented from each class.

A large number of students have entered the various divisions of speech contests. These divisions are: serious declamations, humorous declamations, original orations, non-original orations, extemporaneous speaking, and the four minute speech.

The local elimination contest was held at Wisconsin Dells on Friday, March 2. Two of the best speakers from each group went to the district contest. If they receive an A rating there, they will go to the sectional contest, and if an A rating is received, students will then go to the state contest at Madison.

The instructor for this year's speech contests was Mrs. Doolittle.

ROW 2: R. Gruman, Mr. Lucke, L. McMillan. ROW 1: J. Hart, S. Hart, B. Fedderly, J. Beck, P. Slack, B. Gudenschwager, J. Houghten, A. Miner.

A lot of students aren't aware of this extra curricular activity. Debate means a lot of work, studying, and research but it's worth all of the work when you are able to defeat another school by presenting better arguments. You work as a team, travel to other schools, and gain interesting and invaluable experience.

We were very fortunate to have Mr. Lucke as our debate advisor.

# Key Club

ROW 2: G. Ray, S. Steulke, B. Brown, F. Winnes, L. McMillan, D. Lewis, E. Enz, D. Kelly. ROW 1: G. Klicko, J. Anchor, D. O'Neil, D. O'Neil, J. Anchor, T. Ryan, Mr. Reineking.

The purpose of Key Club is to develop initiative and leadership, to provide experience in living and working together, to serve the school and community, to cooperate with the school principal, and to prepare for useful citizenship.

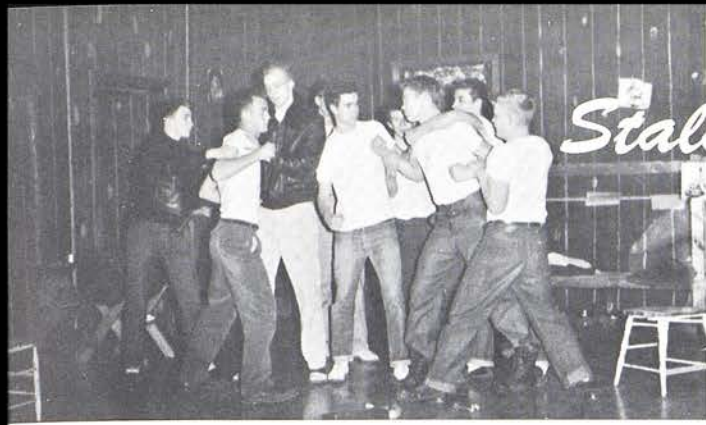

The Key Club has tried to accomplish these aims by ushering at games and at lyceum programs, and by naming Valentines Day as Teacher Appreciation Day.

Teacher Appreciation Day

"Lemme get a hold of that pansy."

"Don't dance so close, you might be a spy."

"All right--At Ease--Their will be a sailboat race in the South Cesspool."

"Look Hoffy, do I have a sign on my back that says 'Kick me'."

"That German agent is my job 24 hours a day."

"Shut up you kraut lover, or I'll rip you open."

"Men, you have gone too far--Where is the escaped prisoner?"

"Wer ist der verstickt?"

One of the most needed clubs in school is the Librarians Club. Its necessity is well known for most of the school students get their information and reading material from it.

Meetings are held every first and third Mondays of the month for the purpose of straightening shelves and filing cards.

Mrs. Slocum, the advisor, has helped very much in conducting a library the way in which it should be done.

# Student Council

ROW 2: M. Wenkman, L. Hudzinski, J. Houghton, J. Anchor, R. Newell, T. Ryan, E. Fulton, S. Niebuhr, M. Naber. ROW 1: Mr. Patterson, G. Krenz, D. Hickitheir, D. Lewis, M. Morse, D. Marsich. NOT PICTURED: T. Ryan, K. Anderson.

Four members from each class make up the Student Council which has 16 members. The Student Council is a very active organization.

All school problems of importance may be brought up and discussed by the group with the faculty advisor, Mr. Patterson. Discussions must also secure the approval of our principal, Mr. Reineking.

Popcorn Sales at Basketball Game.

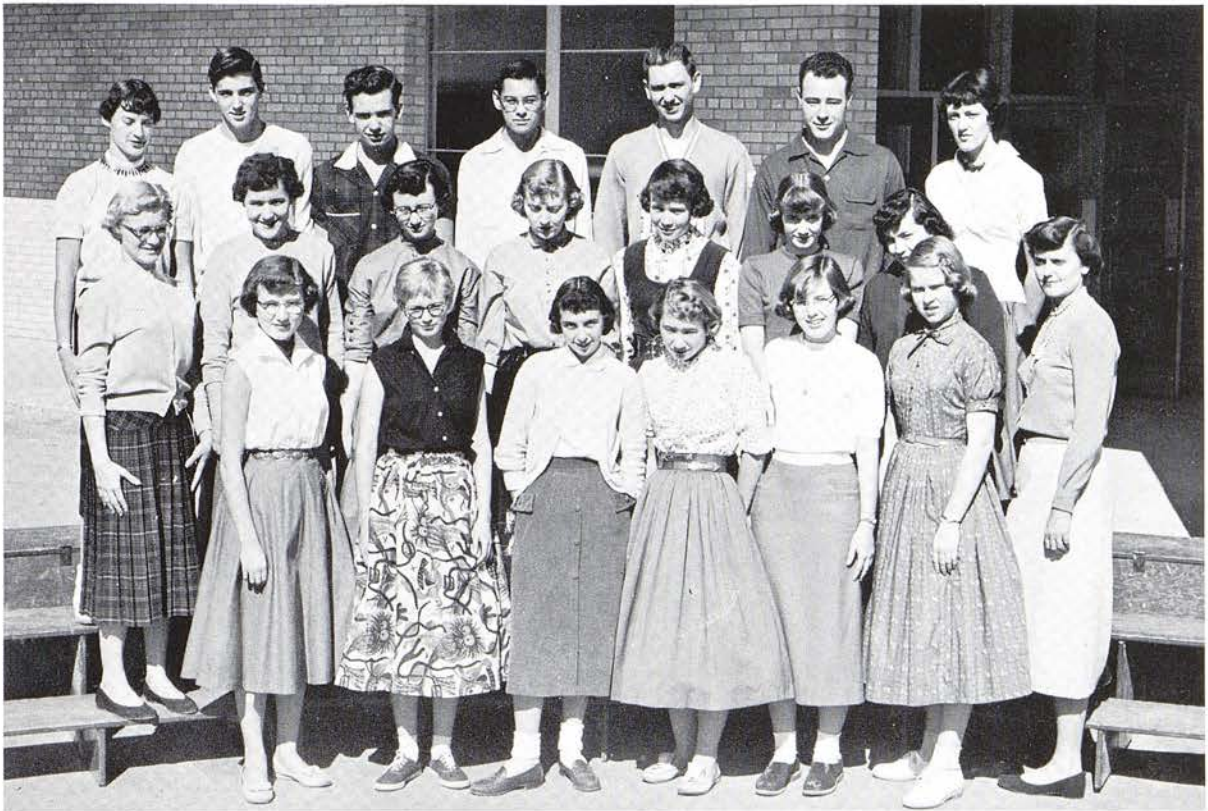

This year the Camera Club has been in full swing. They received a press camera which enabled them to take group pictures for the Annual.

Another activity of the Camera Club was taking pictures of couples at the Prom.

To raise money for flood lights, which they plan to buy next year, they sold popcorn during the basketball season.

The Club received three new cameras as a gift so there should be lots of shutter-bugs around school next year.

## *Class History*

Speeding down the road to our Freshman Year we slammed on our brakes and entered with a shrieking stop. We were soon to be greased down but our squeaks were many. This year we put at the wheel President Jim Heineke and his Co-Pilot - Vice President Bill Hagen. The back seat drivers consisted of Secretary Alice Traxler and Treasurer Bette Fedderly.

Our achievements were few that year and the ride was short but we looked forward to our next 3 years of travel.

The Homecoming attendants that year were Alice Traxler and Jim Heineke.

Our class advisors were Mr. Rosenthal and Miss Sawyer.

Shifted into low we peeled into our Sophomore year. All geared up for a good year turning the wheel over to President Eugene "Hot Rod" Morse and his Co-Pilot Vice President Jim "Wreckless" Holden. In our back seat we had Secretary Joan Moon and Treasurer Grace Gutzler.

Representing our class in the Homecoming Court were Joan Olson and Dane Broker.

Our class advisors were with us again-Mr. Rosenthal and Miss Sawyer.

We decided to rest up for our Junior year as we could find nothing that would go down in History.

We hit a bump and went soaring through the air and zig zagged into Junior year with President Jim Holden (now reformed) at the wheel and the aid of his Co-Pilot Vice President Jerry Patterson. We were well under control. With Secretary Carolyn "Tiger" Heitman and Treasurer Sharon "Iris" Kelly we plunged forward into a very successful year.

We were the first class to decide upon our class rings in 2 minutes. We were slowly losing our squeaks.

Our Homecoming attendants were Ethel Jewell and Ken Kuikman.

We had a lot of bangs and blow-outs while working on our Prom in our new high school and we feel that ours won't be beat. Russ Nelson was selected to play at the Prom. The reigning couples were King Jim Holden and his Queen Bette Fedderly. Our thanks to our wonderful advisors Mr. Fitzpatrick and Miss Horman.

With the accelerator to the floor we really burned up the road entering our Senior year. We were soon coming to a complete stop. This year handling the wheel was President, Dave Lewis; Vice President, Tom Ryan; Secretary, Gerry Krenz; and Treasurer, Marcia Morse.

Our Homecoming Representatives were Anita Christopherson and John Mackesey, and our King was Fritz Winnes.

The last and final Graduation week was a busy one. We started out with Baccalaureate, followed up by the picnic and banquet. Exams being completed and everybody passing with flying colors we drove down the home-stretch to have Mr. A. R. Crothers present us with our Original's after driving four years on Temporaries.

Being out on our own, our folks presented us with Cadillac Coupe-de ville's and with pleasure we leave our car to the incoming Freshman.

## *Senior Class Will*

We, the class of 1956, in the City of Wisconsin Dells, county of Columbia, and the state of Wisconsin being in as good mental condition as usual, and in much better temper than usual, do hereby make this, our last will and testament, rendering void and of no avail any formal will or wills that may have been previously made by us during a period of temporary optimism.

And in this manner do we dispose of our possessions:

I, Liliias Barton, leave my pretty brown eyes to Lois Adams.

Item:--We give to the Junior class our well-known nerve, which they will need next year, and all the examination questions we have been given during the past year. We believe that an examination, like history, repeats itself. The answers . . . never owned in entirety, have long since been mislaid by us and are not included in this legacy.

Item:--To our good friends, the Sophomore class, we leave our patience. It will be found useful as the only means by which they can endure the Juniors.

Item:--It will be noticed that although we have left bequests to the Junior class, soon to be Seniors; to the Sophomore class, soon to be Juniors; and to those who in the fall will become Freshmen, we have made no mention of the present Freshman class which will be known as Sophomores in a few months. We have left them nothing, because by that time their self-evaluation will have attained such heights that nothing in our possession would be regarded by them as worth anything.

To our dear old school building itself, we leave the peaceful quiet caused by our absence and any apple cores, wads of gum or crumpled notes we may have left about.

Item:--To next year's class president we leave--with grave doubts as to his ability to use it--the stentorian voice of our good president, Dave Lewis, which enabled him to overcome all opposition and to prevent others from knowing opposition existed. Also, we leave his ability to keep on good terms with the faculty and still do as he pleases, in other words, his executive ability.

Item:--To the Band, our ability to watch Mr. Enz and the audience at the same time. We may have lost a measure or skipped a beat in the music occasionally, but we never missed anything or anybody, in the audience.

Finally, we do hereby name and appoint as the sole executor of this our last will and testament, Mr. Miller, who has much experience in this sort of thing.

In witness thereof we, the class of 1956, the testator have set our hand and seal in this year of 1956.

## SENIOR CLASS PROPHECY

After working ten years in a salt mine successfully with BOB KANE, the boss, JAMES REGO, finally decided to give us two months vacation--without pay of course. Bob, on hearing this, decided he'd better stay and work as the upkeep of his atomic furnace was expensive. I decided to take a trip around the world. This being impossible, of course, without a good car, my next door neighbor, GRACE GUTZLER, offered her hot '39 Plymouth. She had no use for it anyhow because supporting 12 kids and Dick, she said, kept her quite busy. The gas tank read empty so I headed for "Chub" MARTIN'S Cities Service station. Chub, who had now slimmed down to 300 pounds, said he owned all the Cities Service stations throughout the world and gladly gave me a free credit card. CHARLES BENNETT, the noted map maker, supplied me with a complete route for my trip; but JOHNNY LAMBERT, the local insurance man, was quite hesitant in furnishing me with enough insurance to cover the trip until DIANE HALVERSON the local librarian, said it was quite safe to travel through the world today. As I left the Dells I waved goodbye to DONNA WAMPLER and IRENE SHEPARD, two happily married farmer's wives.

The trip east was very uneventful and once in New York I decided to go to the roller dome where I saw LILIAS BARTON, the featured star of the evening. Locating it was very easy, as I left my car to avoid the traffic, and took a taxi which was driven by BOB COON. The Queen Mary on which I had booked passage was not scheduled for another three hours, so I stopped in at New York's famous cafeteria-"Cook's" run by the famous chefs the COOK brothers RAYMOND, GERALD and CLARENCE. The service was excellent as the two fine waitresses, DELORES LANGER and DONNA WORMET got their experience from working in the Dells. Upon hearing that to take a car across cost \$100, I decided with the aid of DAVID GREGERSON, the sly old con man, to easily smuggle it past the customs officer, LORETTA ZOWSKI, who was new to the job. MIKE BROWN, the captain of the Queen Mary, was very kind, and as we peeled out of the harbor pulling JIM HEINEKE who was trying to set an endurance world record for water skiing, by skiing across the Atlantic, I met BERNARD HARDING, who was making a trip to Russia as a minister on farm safety.

As I stepped off the boat I heard a familiar voice--that of NANCY CHAPPIE selling red cinnamon men which she said she had just brought back from the moon. While the Queen Mary was refueling I decided to kill a few hours by taking in a movie which was owned and operated by FRANCIS DUNAHEE. The star of the picture was that noted French lover and singer, EUGENE MORSE. I also saw a newsreel featuring the English steeple chase winner, ETHEL JEWELL. Still having time to kill I dropped into an English pub run by BOB TOFSON. I went back to the boat and discovered that they had found my car so with the help of JOAN OLSON, who kept the officer of the deck talking, I smuggled my car off and headed for Ireland. While traveling through the Irish Moors I heard a familiar sound and upon investigation I found it was JOHN MACKESSEY who had been hired for the job of bringing in the goats with his "Cattle Call". He told me his only trouble was with SHARON

KELLY'S monkeys who came in answer to his call. During my stay in Ireland I met the local electrician's wife, CAROLYN HEITMAN SWEENEY and that noted Scottish esquire DWAYNE BROKER.

On "The Night of January 16th" I flew over to Sweden to attend a famous trial, in which ANITA CHRISTOPHERSON was a witness. The guard, ROGER SCHAUMBURG brought the accused, ARLYN GEORGESON, the poison ivy raiser into the court room. While in Sweden I stopped to see two great scientists, MARCIA MORSE and LORETTA LEMKE who I heard were working on the G-bomb.

I boarded a plane for France and had a one night lay over in Holland. As I stepped off the plane I was startled to see a bunch of tulips walking toward me but upon further investigation I found it was really the local tulip farmer, LEE THOMPSON. Along with Lee who had come to welcome me were the famous wooden shoe dancers, BETTY LEVY and VIVIAN PRIESTER. After the magnificent dance I was presented with a box of candy from ANN NELSON'S Sweete Shoppe. That night I slept very well at the Dutch Mill Court run by KEN KUIKMAN.

When I arrived in France I heard my name called over the P.A. system and when I walked over to the information booth I was greeted by SHIRLEY BULLER who said, "I know you", and handed me a slip of paper calling me to the post office. Not knowing the way I asked the gendarme (cop to you) FRITZ WINNES. He replied, "Je vous san beaucoup", then seeing my puzzled look he said "Just around the corner". Arriving at the Post Office I was handed a package which contained my car and also JANE HART who had used my car for free transportation back to France after delivering her lonely heart letter to AGNES SELCHOW for advice. It was a tight squeeze out of the post office door but after all fenders aren't the most necessary part of a car. I decided to take in some points of interest. My first stop was at the Eiffel Tower where I saw a promising young artist, MARY WICKUS busily sketching the Tower as MARY POTTER was doing a dance on a platform suspended from the top of it. The dance ended abruptly as Mary misjudged her step and fell, but was miraculously caught by TOM RYAN. When I congratulated Tom on his marvelous catch he said it was nothing and that he was on a three day pass from the Foreign Legion. Walking down the boulevard I noticed a big traffic jam. There standing in the middle of the street was HARRY RIBBKE in black denim trousers and motorcycle boots and a black leather jacket with an eagle on the back. Harry's tricycle was acting up again. Continuing my walk I met GERRY KRENZ who said she was a model for the Dior look and also gave me her class picture which she said finally arrived. I complimented her on her fine hair style and she said she always patronized PHYLLIS BUCKMINSTER'S Beauty Salon. I was about to run into JULAINE REICH'S Pet Shop which specialized in selling apes when I was terrified to see a man running toward me screaming, "Look out; Look out; Flying saucers are surrounding us;" With that LEONARD McMILLIAN dived into the nearest sewer. I decided then and there that this was enough of France and headed for Germany.

Driving along the super highway my motor let out some strange sounds as though it was ready to fall apart. I slammed on the brakes, jumped out, lifted up the hood and was greeted by MARTY PLATT who was busily tightening the spark plugs. I knew that every thing was under control so I continued on my way. After a few miles I stopped at a honey stand run by HERB LAPP. Herb told me that his best friend was a bee. I asked Herb how business was and he told me his biggest customer was ALICE TRAXLER'S orphanage in Hamberg. In Berlin I saw a famous band directed by BEVERLY FISH.

Possessing a desire to see the Alps I went to Switzerland. There skiing down mountain side I saw the noted skier, BONNIE CLEARY. She got her superb form and control from going to SALLY HART'S gym school where the trampoline is featured, although the owner still can not master it. The weather was not very warm so I went to sunny Italy. I took a tour to see the Leaning Tower of Pisa which the guide said was not leaning anymore as a year ago a muscle man of the Charles Atlas school, DAVE LEWIS, in a fit of rage pushed it straight up again. Another main attraction I went to see in Italy was the Colosseum where BOB PAYNE, the tall man gave his circus performance. Immediately after the show I headed for Saudi Arabia by way of Rumania where PAT DONNELLY, the policewoman, told me I should take it easy. I was going all of 45 M.P.H.

I picked up a newspaper in Saudi Arabia called the Franklin Gazette. On the front page was a cartoon drawn by JACK E. BECK. It was too warm in Arabia so I packed up and headed for Pakistan. Upon arrival I was given a tourist guide paper edited by PAT SLACK. My financial situation was rather low so I headed for the widely known Indian Ceremonials in India owned and operated by HOLDEN and FEDDERLY with star performer RILEY SINE. I hadn't gone to church for some time so I went to a mission. The sermon was given by TOM WEBER who complained of competition from the sacred cows of India.

While crossing the Hump I met with an accident and because "You can't hardly get that kind anymore" I sold Grace's car to HARRY HYLAND the Burmese junk dealer. Luckily JERRY PATTERSON, ex-space driver grounded because of lack of gas, came along and after a bit of haggling over price he consented to take me to see HARLAN CONE, evil eye specialist, to have my eyes checked so that I could find my way to China. While having Puffed Rice for breakfast I noticed that it was grown in Gunner's Rice Paddies. Upon investigation, sure enough there was SHIRLEY GONZAGOWSKI up to her knees in rice paddies fertilized with Ching Chong Fu Fertilizer from ART and ALVIN WEGNER'S fertilizer branch factory in Hong Kong.

On our way home we stopped off in Tokyo at LUELLA JEROME'S Japanese Steam Bath and there was BILL HAGEN taking his yearly bath. I boarded an Alaska bound plane at Tokyo International Airport with radar expert MIKE KURTZWEG the pilot.

At NANCY HAGEN'S drug store in the heart of the Loop in Yellow Creek (Population 175) I bought a pair of roller skates for my trip down the Alcan Highway to Acapulco to see that famous Mexican hat dancer, KAREN KANNENBURG in action.

After this whirlwind spin around the world I was happy to return to my nice soft job in the salt mines for a nice long rest.
