Mr. Reineking Celebrates 31 Years

During the time the present Wisconsin Dells High School has been in existence, there has been only one man holding the honored office of principal.

Mr. Frederick C. Reineking celebrated his 31st year in the Dells school system this year. Upon coming to the Dells in 1946, he taught U.S. History, social problems, and Latin.

His extra-curricular activities at that time included sophomore class advisor, junior prom advisor, and assistant football and basketball coach. It was in 1951 that Mr. Reineking assumed the position of WDHS principal.

Mr. Reineking attended college at Lake Land, Sheboygan. He received his Masters degree at the University of Wisconsin.

Mr. Reineking has been involved in many outside activities. He has been a Kiwanis member since 1955, and notably he was governor of all Kiwanis clubs in Wisconsin and upper Michigan in 1965. Mr. Reineking belongs to the Wisconsin and National associations of school principals. He is also an active member of the local Presbyterian church and a member of the local Masonic Lodge.

Commenting on the WDHS students, Mr. Reineking stated, "The students are sharp, excellent competitors, and always ready to compete. After all, life is competition."

1/Mr. Frederick C. Reineking, WDHS principal.

2/Mr. Robert Larson, WDHS assistant principal, holds a large responsibility in addition to being attendance director and athletic director.

3/"May I have your attention please," are familiar words heard as Mr. Reineking delivers the school announcements.

Administration Puts It All Together

1

Under the direction of the Board of Education and Superintendent of Schools, Gerald R. Peterson, the Wisconsin Dells area has been provided with an excellent school system. The Board of Education for the school district consists of seven members. Members of the Board are leaders and noted representatives of the community and are elected for terms of three years. During their term of office, the members give up much of their time and energy to fulfill the demands and duties of their positions on the Board. Their efforts are much appreciated by those directed with the school and also with those in the community. Superintendent Peterson has a wide variety of educational experiences. He has climbed the ladder all the way from teacher, supervisor, principal, to superintendent. Working with the Board of Education, he has a challenging responsibility of implementing the school policies in a way which will help the individual student receive the greatest benefit during his or her school years.

Employed Help

Working Behind the Scenes

Many people are involved in keeping our school in smooth operation: The cooks prepare and serve hot lunches for the many hungry students at WDHS. Gary Johnson keeps the transportation department running. Janitors maintain school cleanliness and do all the necessary repair jobs.

1/Gary Johnson, Director of Buses.

2/Shirley Brogley, Norma Sigafus, and Beverly Rothe prepare the meals at WDHS.

3/Carl Waterman, night janitor.

4/Walt Erickson, daytime janitor.

5/Vernon Nelson, daytime janitor.

Once again this year the classrooms of WDHS were endowed with five fresh personalities. Mr. Kratochwill has graciously fit into the routine of the art classes. A graduate of UW-Madison, he taught for a year at the Cuba City High School. Miss Hammers filled the vacant English position. She taught for six years at Neilsville before coming to the Dells. B space, E space, R space, E space, S space spells the name of the new typing teacher, Miss Beres. A former native of Brookfield, she taught a semester of bookkeeping and typing there. Liberated students will be glad to know that this year we have a woman algebra teacher, Mrs. Thomas. Formerly, she taught at Columbus, Ohio, for four years. Last, but not least, a familiar face has returned to Wisconsin Dells High. Mr. Bestul, who formerly taught here from 1959 through 1970, using his means of creativeness is returning the spirit of the great bands.

The challenge of life comes to all of mankind, and acceptance is hard to achieve. Through all of the years of school and of life we love and we learn to grow everyday, a little stronger. Differences and agreements are not always met, for we all climb our mountains and all pay our debts.

The friendships we share will come and will pass. We remember each one as we look back on the years. Each day keeps on coming, there's no stopping the time. So live on and smile at the parts in your life that will be remembered.

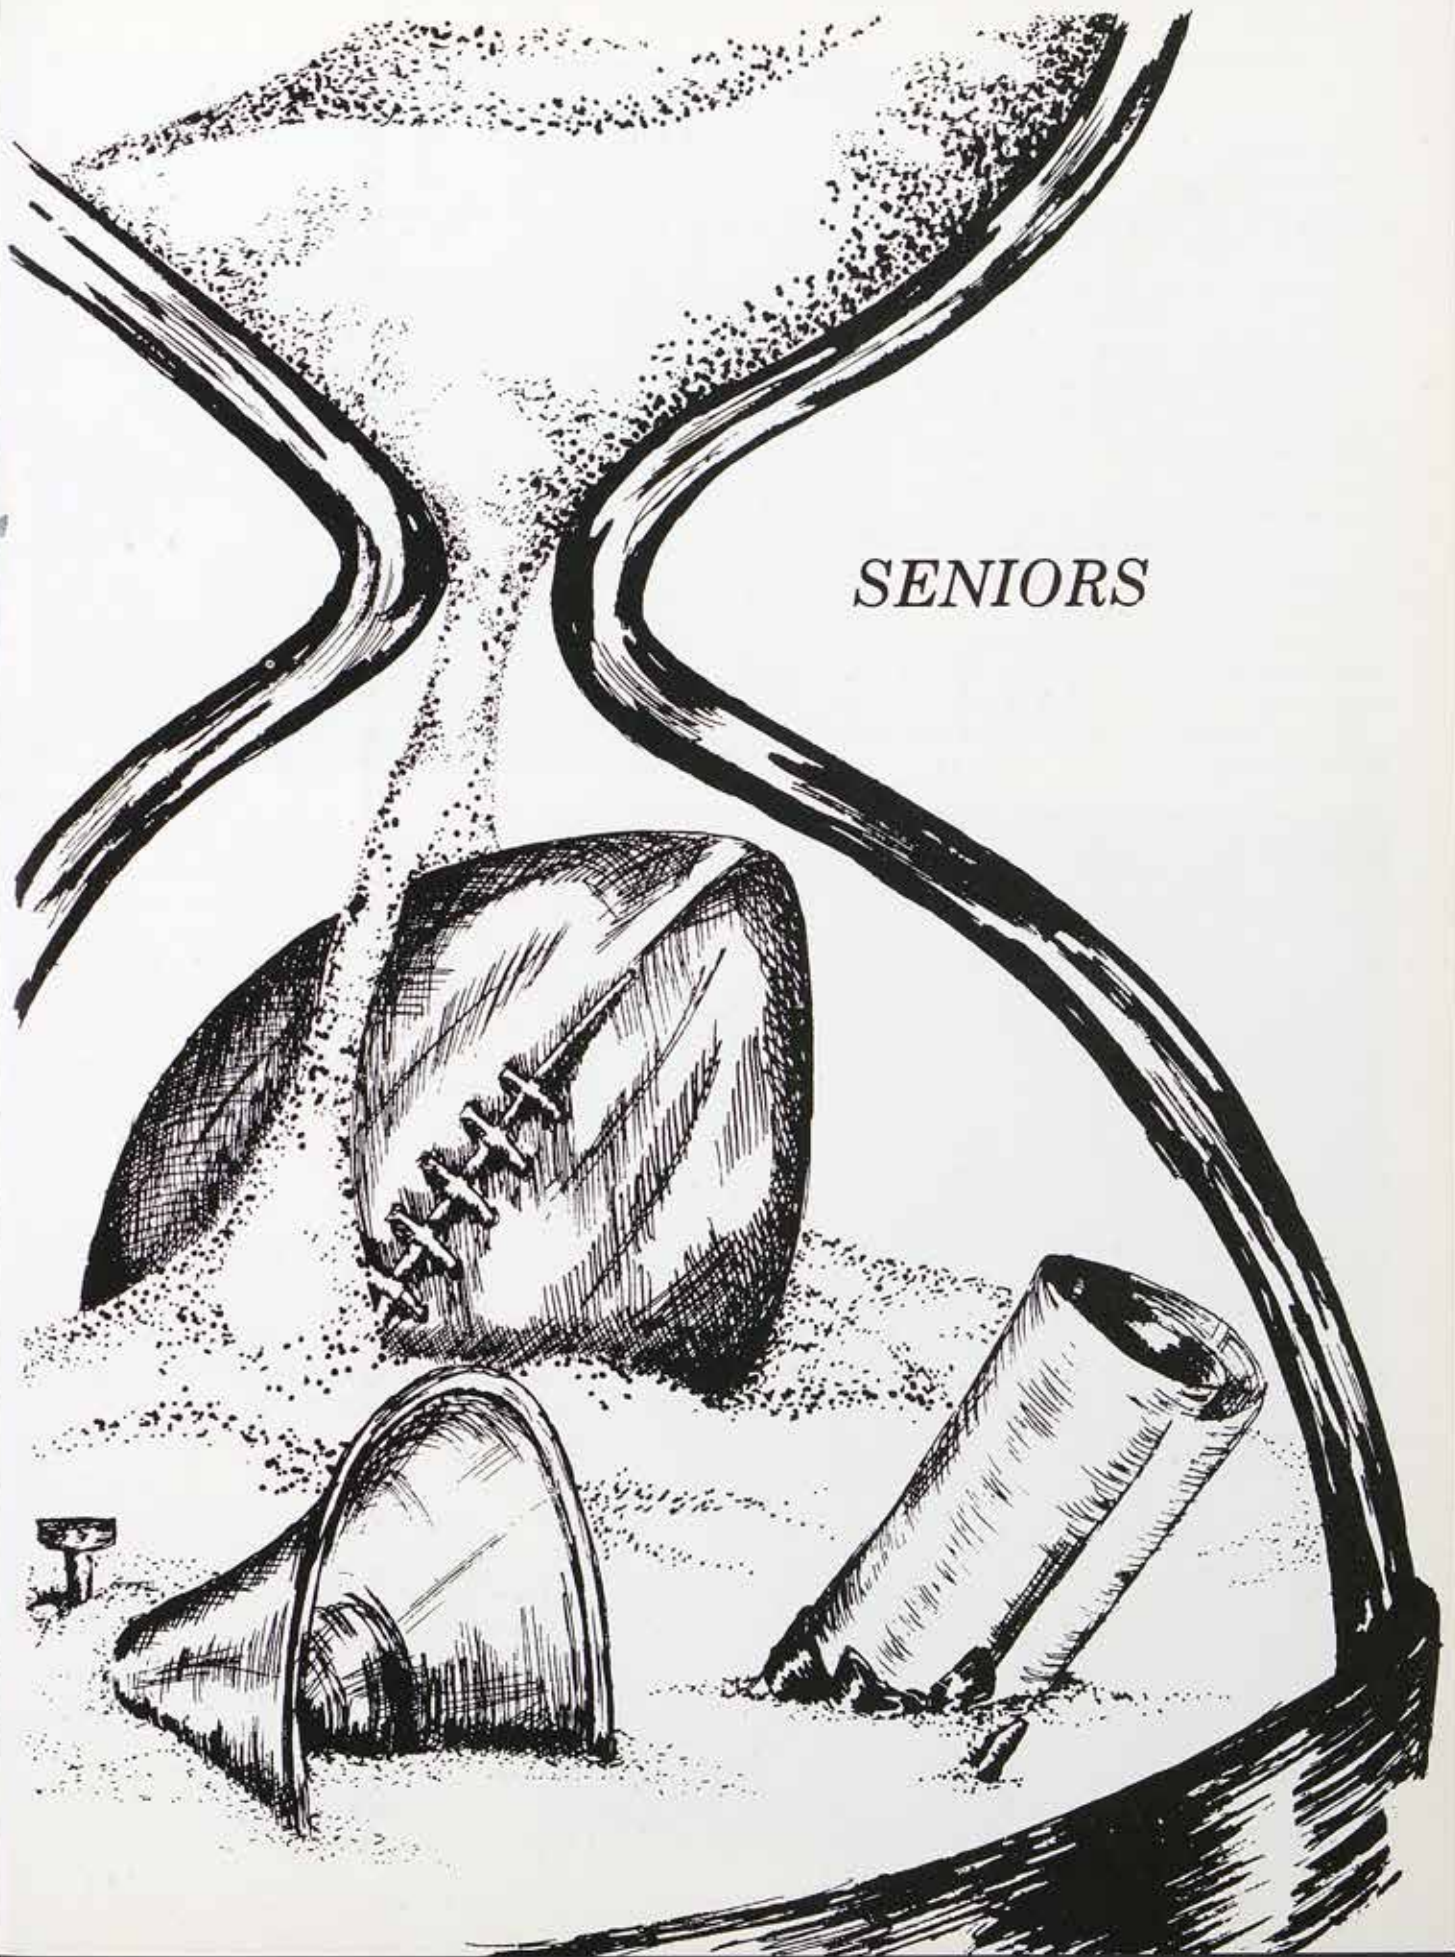

All the love keeps on growing and life keeps on going. Never forget all the people around you all just as loving as you can believe. So Live On

Class Togetherness Makes Year Successful

Four years ago, the class of 1977 first became a part of Wisconsin Dells High School. Back then '77 seemed far off, but now it is here all too fast. The seniors have found a confidence in their class, and have joined together to make their high school years, especially their senior year successful. The seniors started off their last year with a very memorable homecoming. The class of '77 placed first in float competition and also received the new spirit trophy. Seniors were dedicated to the sports teams by always having good participation at sports events.

Even now as the class of 1977 goes separate ways, they will always remember the four good years they had together.

Homecoming

Seniors Say "UBet" It Was a Great Homecoming

1976 Homecoming festivities began on Thursday night with the annual snake dance led by the football cheerleaders. The procession ended at the athletic field where the girls united the crowd with a cheer. With the bonfire, blazing speeches were given by Coach Kuhl, King John Dixon, Queen Ava Young and Homecoming co-captains Andy Shumway and Bill Delmore. Friday afternoon students were entertained with class competition in skits, floats, singing of the Alma Mater and cheering contests. The spotlight centered on the football game on Friday with the Chiefs beating the Mauston Eagles 7-0. The Dells successfully made their record 5-0.

Spirit Week

Seniors Win First Spirit Trophy

1

Spirit Week was celebrated during the week of Homecoming. Early in the week class meetings were held to discuss decorations for the hallways. Highlights of the week were spent on "blue and white," "overall" and "dress-up" days. A new addition on this year's festivities was to present a spirit trophy to the class with the best decorated hallway and the largest class participation. This trophy was presented to the Senior class at the Pep Assembly. Having the assembly on Friday brought the Spirit Week activities to an end. Skits, Alma Mater, and Pyramid building contests all helped to make the "76" Spirit Week one of the best ever.

We May Never Pass This Way Again

"We May Never Pass This Way Again," certainly held true for the majority of juniors who showed up for their 1976 Junior Prom. Prom Chairman Anna Kon stated, "Setting up Prom was a lot of work and sometimes I thought we would never get it completed, but Prom night everything turned out great and everyone was really pleased." Sojourn Express played on while couples danced, collecting fond memories which will linger through their minds in years to come. Following the crowning of Queen Jody Kivlin by King Mike Hess, couples attended Post Prom at Kilbourn Pump, sponsored by Lake Delton Lions.

Class Trip Juniors Invade Big Cities

Early Tuesday morning April 13, 1976, 28 Juniors left WDHS heading for Washington D.C. and New York. Their first goal was Washington D.C. They toured many scenic places as Mt. Vernon, Arlington Nation Cemetery, White House, Smithsonian Institution, Lincoln and Jefferson Memorials, Supreme Court and the United States Capital. Next came New York. Radio City Music Hall, Chinatown, Statue of Liberty, United Nations, Empire State Building all consisted in the tour. A Broadway play was another highlight. But class trip couldn't last forever, so chaperons Mr. and Mrs. Larson turned their "children" for the week back in the direction of the Dells, returning at 12:30 p.m. Saturday, April 17.

JUNIORS

Juniors

Juniors Have a Successful Year

Your junior year at WDHS is a big one. One of your major goals is to make money for the Junior Prom. The class of "78" was held responsible this year to accomplish that task. They started out the year with the annual magazine sale which was a great success for the class. Also, class members were in charge of concession stands, as is every junior that passes through the halls of WDHS. The juniors also held two very successful dances this past year. To sum it up, they had a very "rich" year.

"79" Continues Upward Climb

Sophomores had a very trying year as they continued their upward climb at WDHS. They participated in raising funds through bake sales and dances. The biggest part of their year was sponsoring the Sadie Hawkins Dance. The dance was a big job, but when it was all put together, it turned out to be a worthwhile experience. President of the sophomore class, Dave Wimann commented, "The biggest job for me now is to get the class together raising more money for next year's Junior Prom"

FRESHMEN

Freshmen Begin Long Road Ahead

The class of 1980 spent the main part of their year getting adjusted to high school life. However, freshmen were also involved with sponsoring dances and putting on bake sales to raise money for their next three years. This was the first year that freshmen class officers were elected prior to coming into high school. This method seemed to make things more organized and efficient than electing officers after the start of school.

Frosh Wrestlers

Frosh Experience Competitive Teams

Freshmen experienced many competitive teams, mainly with Baraboo and Portage, as they provide the toughest competition at the freshman level. The first match of the season was with Portage which Dells lost 49-12. This was followed by Baraboo which the Dells lost 48-15.

The freshman team was plagued with lack of wrestlers as the Dells would forfeit between 3 and 4 matches or 18-24 points a match. Freshman wrestlers were hampered by injuries and two boys wrestling at varsity level. At the Baraboo Invitational the Dells placed 7th with Mike Julson placing 3rd at 126 lbs, Nathan Young 4th at 88 lbs, Jim Van Dinter 4th at 119 lbs, and Ken Freel 4th at Hwt.

Frosh Football

Young Gridders Show Promising Future

The freshmen football team ended the season with a "tough" record. Five wins, zero losses and one tie. The tie was at the hands of Wisconsin Rapids Assumption. The team was undefeated in conference beating Portage, Baraboo, Reedsburg, Adams and Sauk Prairie. Coach Gary Buhr was very pleased with the excellent turn out of boys as 32 participated, making the season successful. Next year will be a big season for the boys as they proceed into the JV team upholding their record.

Caggers Compete in Tough Season

The freshmen squad has received very competitive competition. Results of the games have not shown much success through the season, but team improvement has been shown. This year is the first year all practices and games have been participated at the Saint Cecilia's Grade School. Sixteen boys started out the season making competition harder, for four boys had to be cut to make a twelve-man team.

Girl's Track

Girls Faced Tough Competition

1

2

The 1976 Girl's Track Team faced very tough competition in their spring season. They competed in dual and triple meets throughout the season leaving them with a 0-4 record. The female tracksters competed against Reedsburg, Sauk Prairie, Portage, and Baraboo. Julie Hudack commented, "We didn't win any meets, but we really improved over the year before, and scored a lot more points at each track meet than we had done the previous year. It shows we are getting better." Wendy Riggs also commented, "During the track season, there could have been more individual effort put towards practice. But the season went well. The scores were increased and records were broken by individuals. I feel the track season went as well as possible, and I look forward to a better season."

Varsity Volleyball Female Netters Face Tough Competition

The girl's volleyball team ended their season with three wins and nine losses. The female netters struck the great wins over Sparta, Mauston, and Tomah. They received hard opposition, but they learned from the competitive experience.

Sally Jagow commented, "I enjoyed playing with the girls and we, as a team, improved over last year. I hope the participation in girl's volleyball next year will be as good as this year's participation."

J. V. Volleyball

Team Members Show Great Togetherness

The girl's J.V. volleyball team came short of their expectations, but individual enthusiasm ran high all season long. All of the team members put forth much effort which will be of great value for future seasons. As player Ann Hess stated, "The season wasn't the best, however the togetherness of the team was great."

Coach Ellen Fisk commented, "Generally speaking, I felt that the J.V.'s season was a considerable improvement over last year. It seemed that the girls generated a lot more enthusiasm than seen in past J.V. teams."

Varsity Basketball

Tough Season Against Stronger Teams

The girls Varsity basketball team started out with a tough season against stronger teams. With only two returning lettermen, Kathy Procknow and Jane Marz, there was a lot of skills to acquire to make the team a strong one.

The team consists of first year players who at the beginning of the season had trouble in their dribbling, shooting, and the idea to cooperate as part of a team. When these achievements were accomplished, the Chiefs began showing great performance the scores of the game itself began to rise, and soon the chiefs were out striving and fighting more towards the win.

Varsity Basketball—Coach John Langlois, Kristin Gregerson, Sally Jagow, Colleen Cook, Jane Marz, Kathy Procknow, Torri Procknow, Theresa Hess, Chris Mawbey, Patty Kleifgen, Monica Buckminster, Shelly Galitz, managers Linda Shepard and Ellen Rasmussen.

JV Basketball

Young Team Gain Team Experience

JV Basketball—Coach Beres, Mary Gavinski, Mary Fredricksen, Colleen Sullivan, Kelly Kivlin, Kim Kraft, Sue Wampler, Carol Sturdevant, Karen McClyman, Marsha Buckminster, Chris Maher, Mary Schauf, Vicki Tucker, Managers Ellen Rasmussen and Linda Shepard.

The JV squad has improved much over the course of the season, with most of the team consisting of freshmen girls. Even though they had to start from scratch at the beginning of the year, they have participated very well as a team working together.

Since the varsity squad is only losing one girl, it will be tough competition for any JV girl to make the varsity squad next year.

The girls are looking forward to the coming year for they will no longer be a young team, but a team of game experience.

Varsity Baseball *Team Hits Frustrating Season*

The 1975 baseball season was a frustrating one for Coach Maher and the Chief's young squad. The Chiefs completed the season with a record of 5 wins, 10 losses.

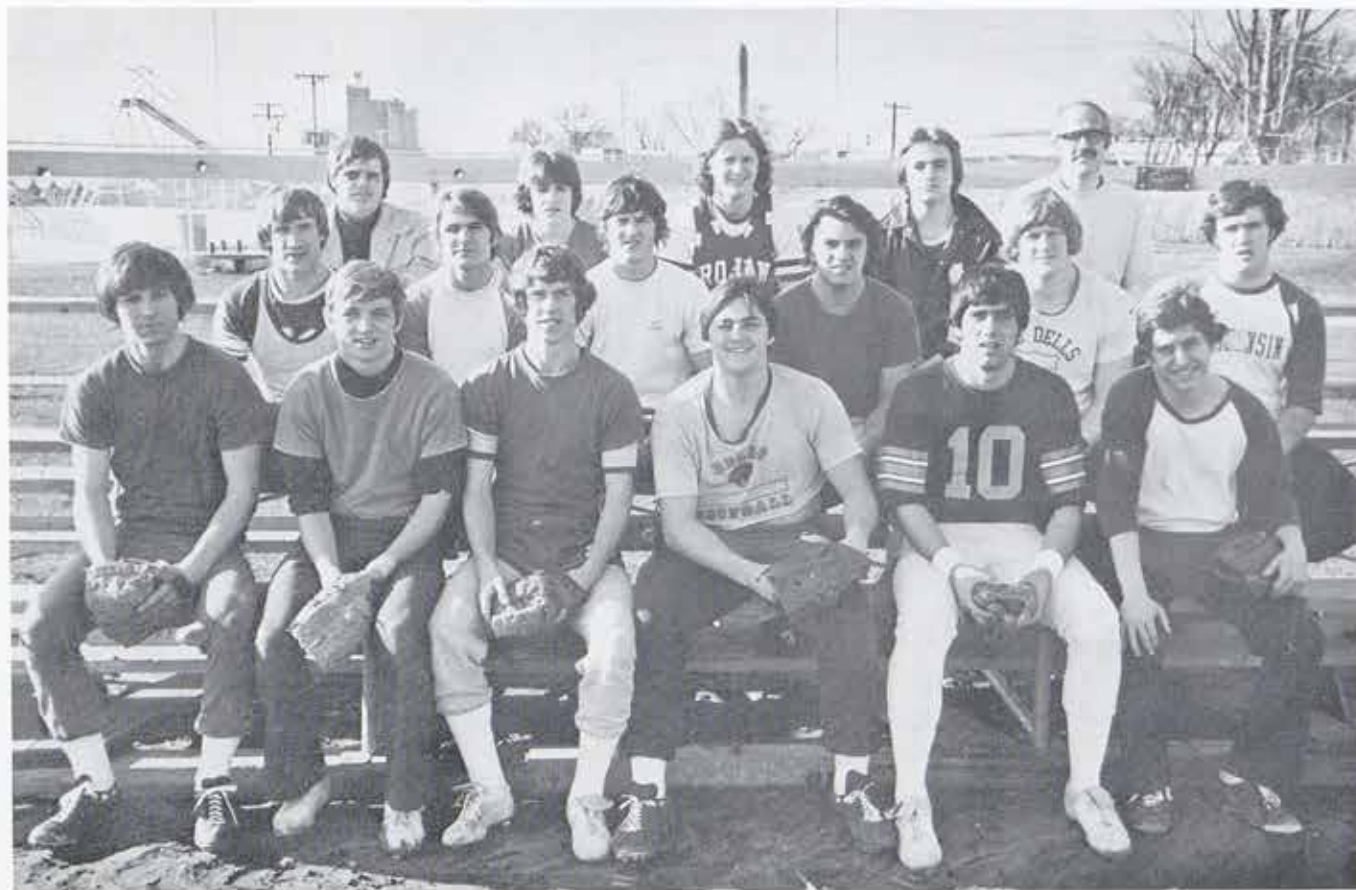

Jeff Ziller led the team in hitting with a .379 batting average, and was also the mainstay of the pitching crew.

Coach Maher commented, "The team was unable to get enough good hitting and pitching on the same way for them to be as successful as they would like." Coach also mentioned he had high hopes for the 1977 squad because practically the whole team will be returning.

Crosscountry *Runners Win First Trophy*

For Coach Jack Engsberg and his Crosscountry team, 1976 was a year they will never forget. The Chiefs won the first trophy in WDHS history at Laconia and followed up with two more by placing second in the Brookwood Invitational and winning the WIAA Regional Crown. The Chiefs also had a fine showing at the SCC meet placing third.

Coach Engsberg commented that the highlights of the season were winning the Laconia Invitational and the WIAA Regional. Coach Engsberg praised co-captains Randy Ketelhut and Pat Day for their leadership during the year. He singled out Pat Day for his consistency all season long. Pat also set a new course record at Laconia when he ran the 3-mile course in 15:43.

Coach Engsberg was also pleased that he had 16 boys report for crosscountry. In addition he noted that the team worked very hard all season long. Coach also commented that in nine weeks, the team ran a total of 425 miles.

Varsity/JV Volleyball

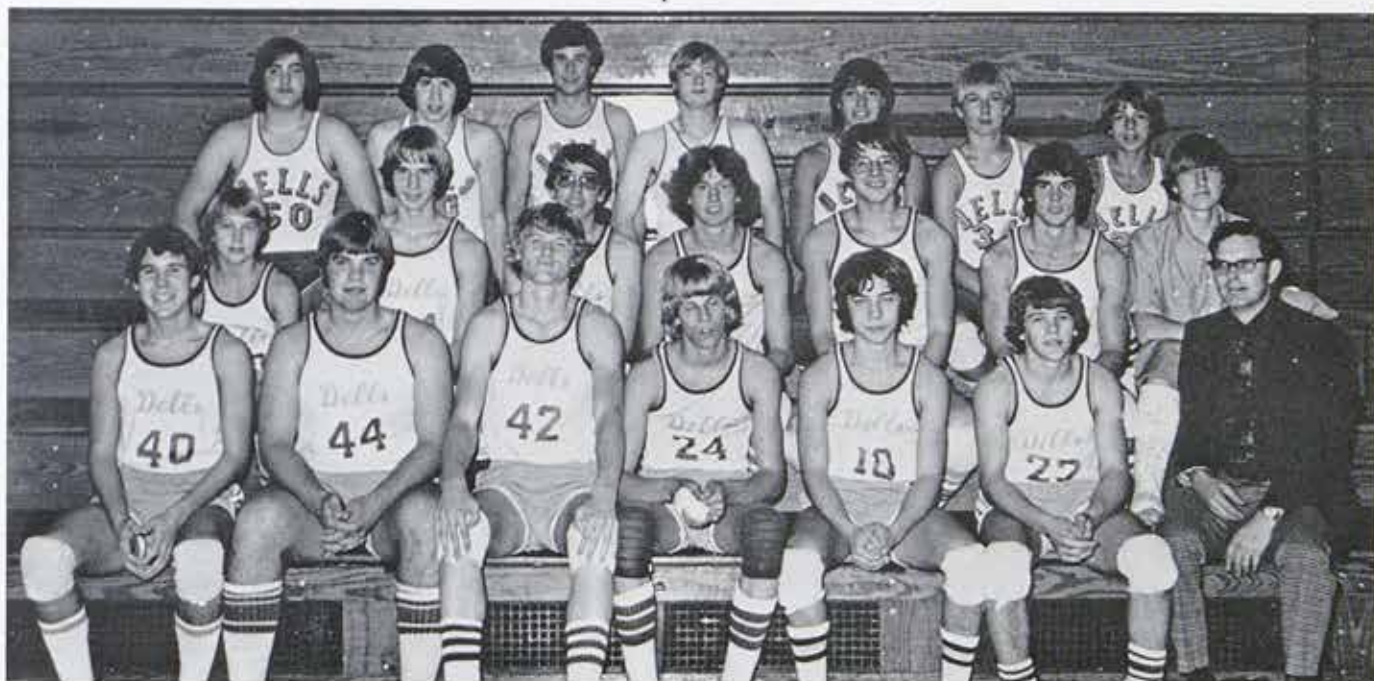

Netmen Place Fifth in Conference Standing

The 1976-77 Dells Volleyball squad finished their season with an overall record of four wins and nine losses. In conference competition, the Chiefs finished with a record of four wins and eight losses, good enough for a 5th place standing.

Coach Dick Schauf noted he only had four returning men from last year's squad, and only two of them had much playing experience. Coach Schauf also cited Dave Holzem, most valuable player and Captain Mark Thompson for their leadership throughout the season.

Letterwinners were: Bob Hamm, Dave Holzem, Dave Lofthouse, Brad Wentzel, Joe Borkowski, Mike Obois, Greg Schultz, Mark Thompson, Rick Tschoeke, Pat Holzem.

Boy's Track

Boys Set Three New Records

The Dells track team fell short of their expectations. All season the Chiefs were plagued by injuries to a few key runners. Even though the Chiefs slipped to a 1-3 dual meet record, they showed the potential to return to the powerhouse of yesterday. They won the First Annual Dells Invitational, finished second in the Baraboo relays; and were in contention for the SCC crown until a baton was bobbled in the 880 relay.

Three school records were broken during the course of the season: Andy Shumway set a new mark in the long jump of 22'3"; Matt Kasdorf upped the high jump mark to 6'21/2"; and Ken Kirvanek lowered the 880-yd. run to 1:59.9. Matt Kasdorf and Jim Hess acted as co-captains during the season. Jim Hess was sidelined the entire season due to an injury.

Varsity Football

Dells Win South Central with 9-0 Season

The 1976 Dells football team was very successful. The Chiefs completed the regular season with 9 wins—0 losses. This was only the second time in history the Chiefs went undefeated. The last undefeated team was in 1951. The Chiefs also competed in the first WIAA state playoffs. The Chiefs suffered their only defeat at the hands of Clintonville in the semifinal game of the playoffs.

The "Blue Machine" was anchored by twenty-one seniors. These seniors provided the leadership and togetherness which was so evident throughout the year. Many of these seniors also lettered on the championship squad of 1974.

The Chiefs strong point this year was defense, giving up an average of 5.3 points per game. At one point in the year the "Blue Machine" competed without letting their opponents cross the goal line for 24 straight quarters.

Head coach Fred Kuhl also made sure the offense was about the same caliber as the defense. The offense averaged 20.3 points per game.

The Chiefs placed 5 players in 6 positions on the All-Conference team. They were: offense-tackle Leo Joyce, quarterback Mike Heitman, defense-tackles Leo Joyce and Jim Sturdevant, linebackers John Dixon and Andy Shumway, and safety Tim Zillmer. Leo Joyce was also named first team All-State defensive lineman.

JV Football

Future Stars Gain Valuable Experience

The 1976 Dells JV football squad wasn't quite as successful as the varsity, but they gained valuable experience for the future. After a slow start, the squad started showing marked improvement. The coaching staff was very pleased with the JV squad's improvement because they then scrimmaged the varsity, and thus increased the varsity's play.

The young chiefs had a record of 3 wins, and 3 losses. From Coach Sweeney's point of view, the most gratifying victory was a come from behind, double over-time victory over the Tomah Indians. Coach Sweeney also cited the constant play of quarterback Tom Kutzke and halfback Eugene Morse to be outstanding.

Wrestling

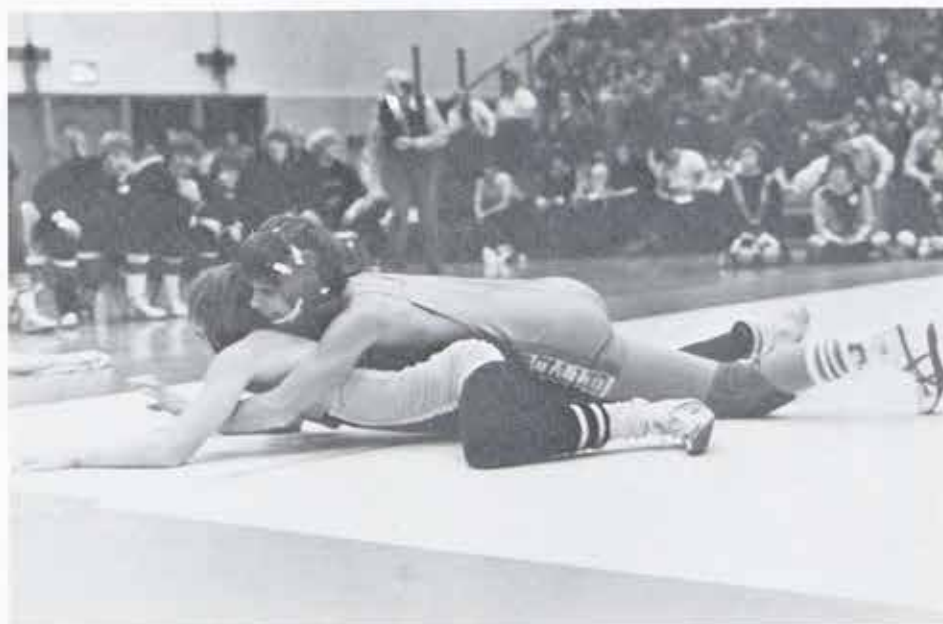

Chiefs on the Move

The 1976-1977 Dells Wrestling Squad got off to a slow start by losing its first two conference meets of the season. The Chiefs rebounded quickly however and improved essential wrestling skills.

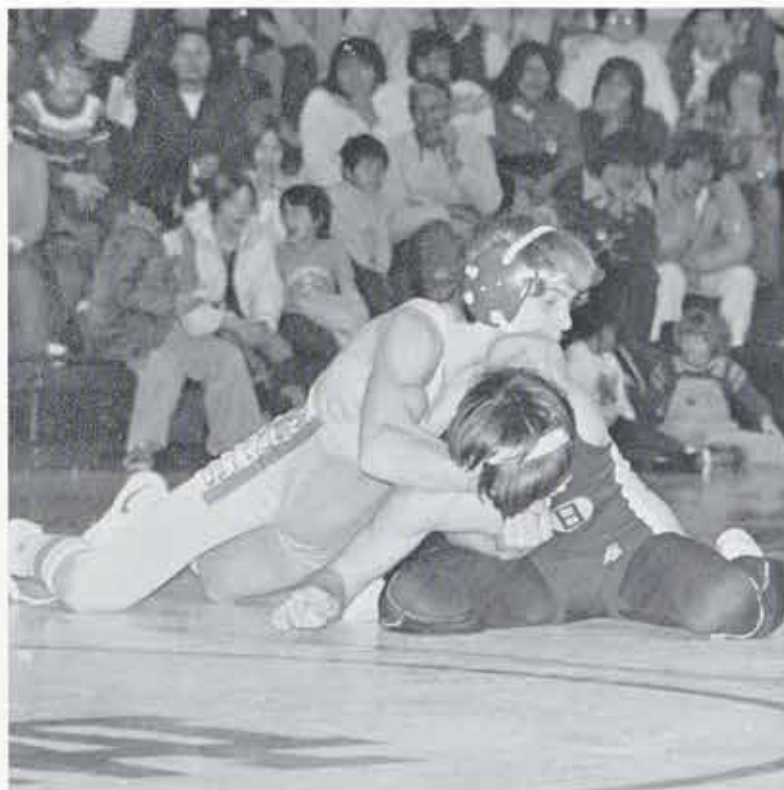

The Grapplers also surprised many people throughout the state by placing fifth in the prestigious Badger State Tournament.

The Chiefs suffered another setback when senior 112 pound wrestler Rich Luke was lost for the season when he was involved in a car accident the day after Badger State.

With half the season to go, the Chiefs are looking forward to the Conference meet and the State elimination tournament with much optimism.

Young Grapplers Pin Hopes on Future

The JV wrestling squad fell short of its expectations for the 1976-1977 season. Coach Harold Park cited the reason for the dismal season was inconsistency and lack of improvement as the season progressed.

Wrestlers attended a JV conference meet which they placed 7th out of the nine teams. Dan Kuhl lead the team winning the 185 lb. title.

Coach Park also cited Eugene Morse, Tim Anderson, Dan Kuhl, and Dave Wimann for their outstanding performances and leadership. Coach also noted that these four would be in strong contention for varsity spots next season.

Chiefs Get New Start with Lewison

The 1976-1977 Basketball Team has been going through a rebuilding year under first year Head Coach Gordon Lewison. "We started out the season with a bang, but the roof seemed to cave in on us", commented Coach Lewison. Coach Lewison is optimistic though as he explained, "The boys have been working hard and if we can keep up the attitude, we will be respectable by the end of the year."

The Chiefs are led by Seniors Paul Anderson, Doug Fisher and Mike Heitman. These four seniors are supported by Mark Thompson, Tom Kutzke, Tim Buss and Bob Kaufman.

Golf

Golf Members "Swing" Into Another Season

The 1975-76 golf team didn't do as well as hoped, but Coach Arneson was happy with the improvement of each golfer's game. Coach Arneson also cited Scott Sitas as most improved golfer. The most memorable moment of the season came when the Chiefs won their only dual meet of the season over Reedsburg by two strokes, by a score of 172-174. Taras Skibicky also had the low score of the season in that dual, as he shot a 38 at the Dell View Golf Course. The Chiefs should improve as they have five returning lettermen for the upcoming season.

ORGANIZATIONS

Fine Arts Club A Great Cultural Experience

Fine Arts Club was a new idea this year. It was the largest club in the high school with a huge first-year membership of ninety-eight students. The object of the club is to provide members with an opportunity to be exposed to many different varieties of cultural activities so they can learn more about various forms of art, music, and drama.

Activities of the group included a trip to Madison to see *FANTASIA*, a film production featuring classical music, and trips to other various places for art shows, musical plays, concerts, and theatrical productions. Viewing performances of professional groups gives students the chance to form their own opinions and ideas about the fine arts.

AFS

Christy Gives WDHS a French Flair

AFS is a club designed to encourage friendship and understanding between foreign countries and the U.S. This year WDHS accomplished this by hosting Christy Cahuzac from France. Christy likes the Dells very much and finds its people very friendly.

Whenever possible the club also tries to send a Dells student abroad. Fund raising activities for this project include bake sales and the sponsoring of a dance.

NHS

High Achievement Earns Membership

National Honor Society, a club designed to provide recognition to students of high achievement, has two responsibilities. They are, keeping the events case and "Chiefs in the Spotlight" up-to-date.

To be a NHS member a student must hold an 89 overall grade average and must be selected by the teachers. Selection is based on individual characteristics such as leadership, peer acceptability, and service.

Cheerleading

Cheerleaders Spark School Spirit

The 1976-77 cheerleading squads have many behind the scene responsibilities that are usually taken for granted by the student body.

One of the money raising activities that they took part in was the selling of Wisconsin Dells T-shirts.

The cheerleaders are responsible for organizing some Homecoming festivities and Parents Nite for all sports.

Long practices and the making of locker signs before events are regular routines for any cheerleader.

The cheerleading squads worked hard throughout the year, boosting morale, stirring up enthusiasm and in general, raising team spirit.

FFA

Gaining Experience for Tomorrow

Future Farmers of America is a group consisting of approximately 35 students. FFA is an extremely active group which participates in many contests and events throughout the year. Some of these activities include safety and cooperative programs, parliamentary procedure, numerous judging contests, and an extensive awards program which involves 19 different proficiency awards. They were responsible for planting the corn plots at Farm Progress Days and for erecting all the signs. They were also in charge of the State Land Judging Contest held at Farm Progress Days. Our FFA chapter was the recipient of a bronze National Safety Award at the 49th National FFA convention. "Learning to do, doing to learn, earning to live, living to serve." Their motto really explains what FFA is all about.

FHA

Girls Involved in Caring and Creativity

F.H.A. is an organization consisting of girls from all grade levels. They perform many services for the community, as well as for the parents and themselves. The girls work on many craft projects in addition to a concern project. Accomplishment of their concern project gives the girls a chance to lend a helping hand to the needy individuals in the community. A Mother's Tea was staged to display all of the girls' craft projects they created throughout the year.

A demonstrations contest in January was a big part of F.H.A. in which Rose Huber, president of the 1977 year, was awarded the chance to take her demonstration to the State Fair. In addition, four F.H.A. members attended the state convention held at Green Lake, where they listened to speeches and also attended homemaking and craft workshops.

Field trips to the Dairy Expo and Farm Progress Days were also highlights of F.H.A. this year.

Lettermens

Letterwinners Contribute to School Athletics

Lettermen's Club consists of athletes who have achieved, a letter in any sport. Much of the club's money has been put into needed equipment for the school. Funds were given towards the video tape machine to record sport events. Also, the club bought headphones for communication back and forth between coaches and announcers at football games.

The donation of a \$100 scholarship is given to a senior letterwinner who has written a letter of application and fits the qualifications of the scholarship.

Every year the members of Lettermen's Club work to raise money in order to attend a collegiate or professional sporting event.

Librarians

Students Assist in Library Duties

This year 17 girls and one boy joined Librarians' Club. Each member gave up a study hall for at least one quarter to assist Mrs. Slocum and Mrs. Christensen in circulating and shelving library materials and to use listening and viewing equipment. As a club, they enjoyed two social events including a Christmas party and a rollerskating party. In May they visited the Dane County-Madison Library and the State Historical Museum.

Matmaids

Play Important Part in Wrestling Program

Mat Maids play a very important part in the wrestling program. They are needed to set up, clean up, and take care of the mats. The 35 girls meet once a month to discuss money making projects. So far this year they've had a successful T-Shirt selling campaign along with their bumper stickers, "HUG A WRESTLER", and "WRESTLERS NEED LOVE TOO". The girls also have the responsibilities of managing the freshman, junior varsity, and varsity teams.

Pep Club Pep Club Sparks Spirit

This year's Pep Club played a very important role in sparking school spirit. Posters, hall signs, runthroughs, and decorated seniors and starting line-up houses all were products of after school work done by girls belonging to pep club. Money making projects for the year were bake sales and selling Chiefs socks. The club this year reached a high enrollment of about 80 members. Mrs. Fisk, club advisor, remarked on the clubs togetherness and willingness to work. "One reason for this," stated Mrs. Fisk, "is the good leadership provided by pep club officers."

Spanish Club is a group of students, whether studying Spanish or not, who are interested in participating with others learning about Spanish customs. The club is designed to be entertaining but yet educational.

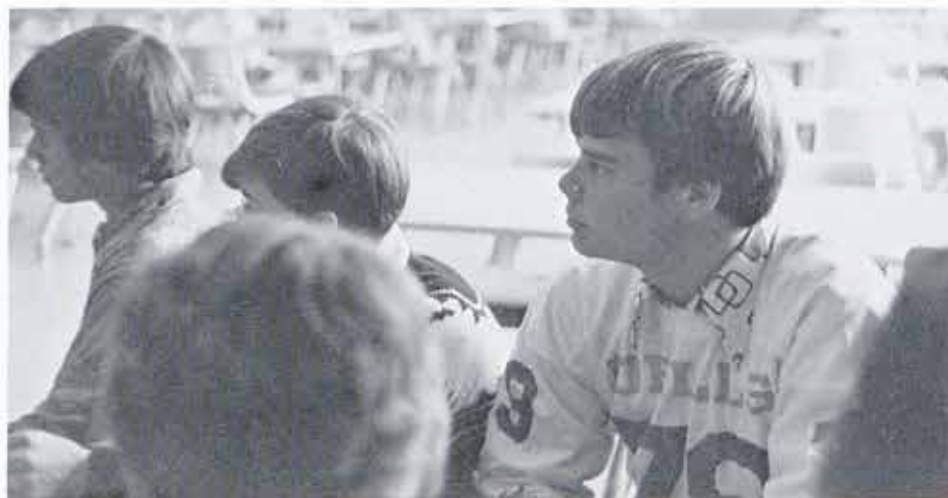

They started out the year with a taco dinner, and as the year progressed, ate at Spanish restaurants and prepared Spanish meals of their own. They also had a Spanish-type Christmas party with the pinatas.

Student Council

Students Work to Improve Communications

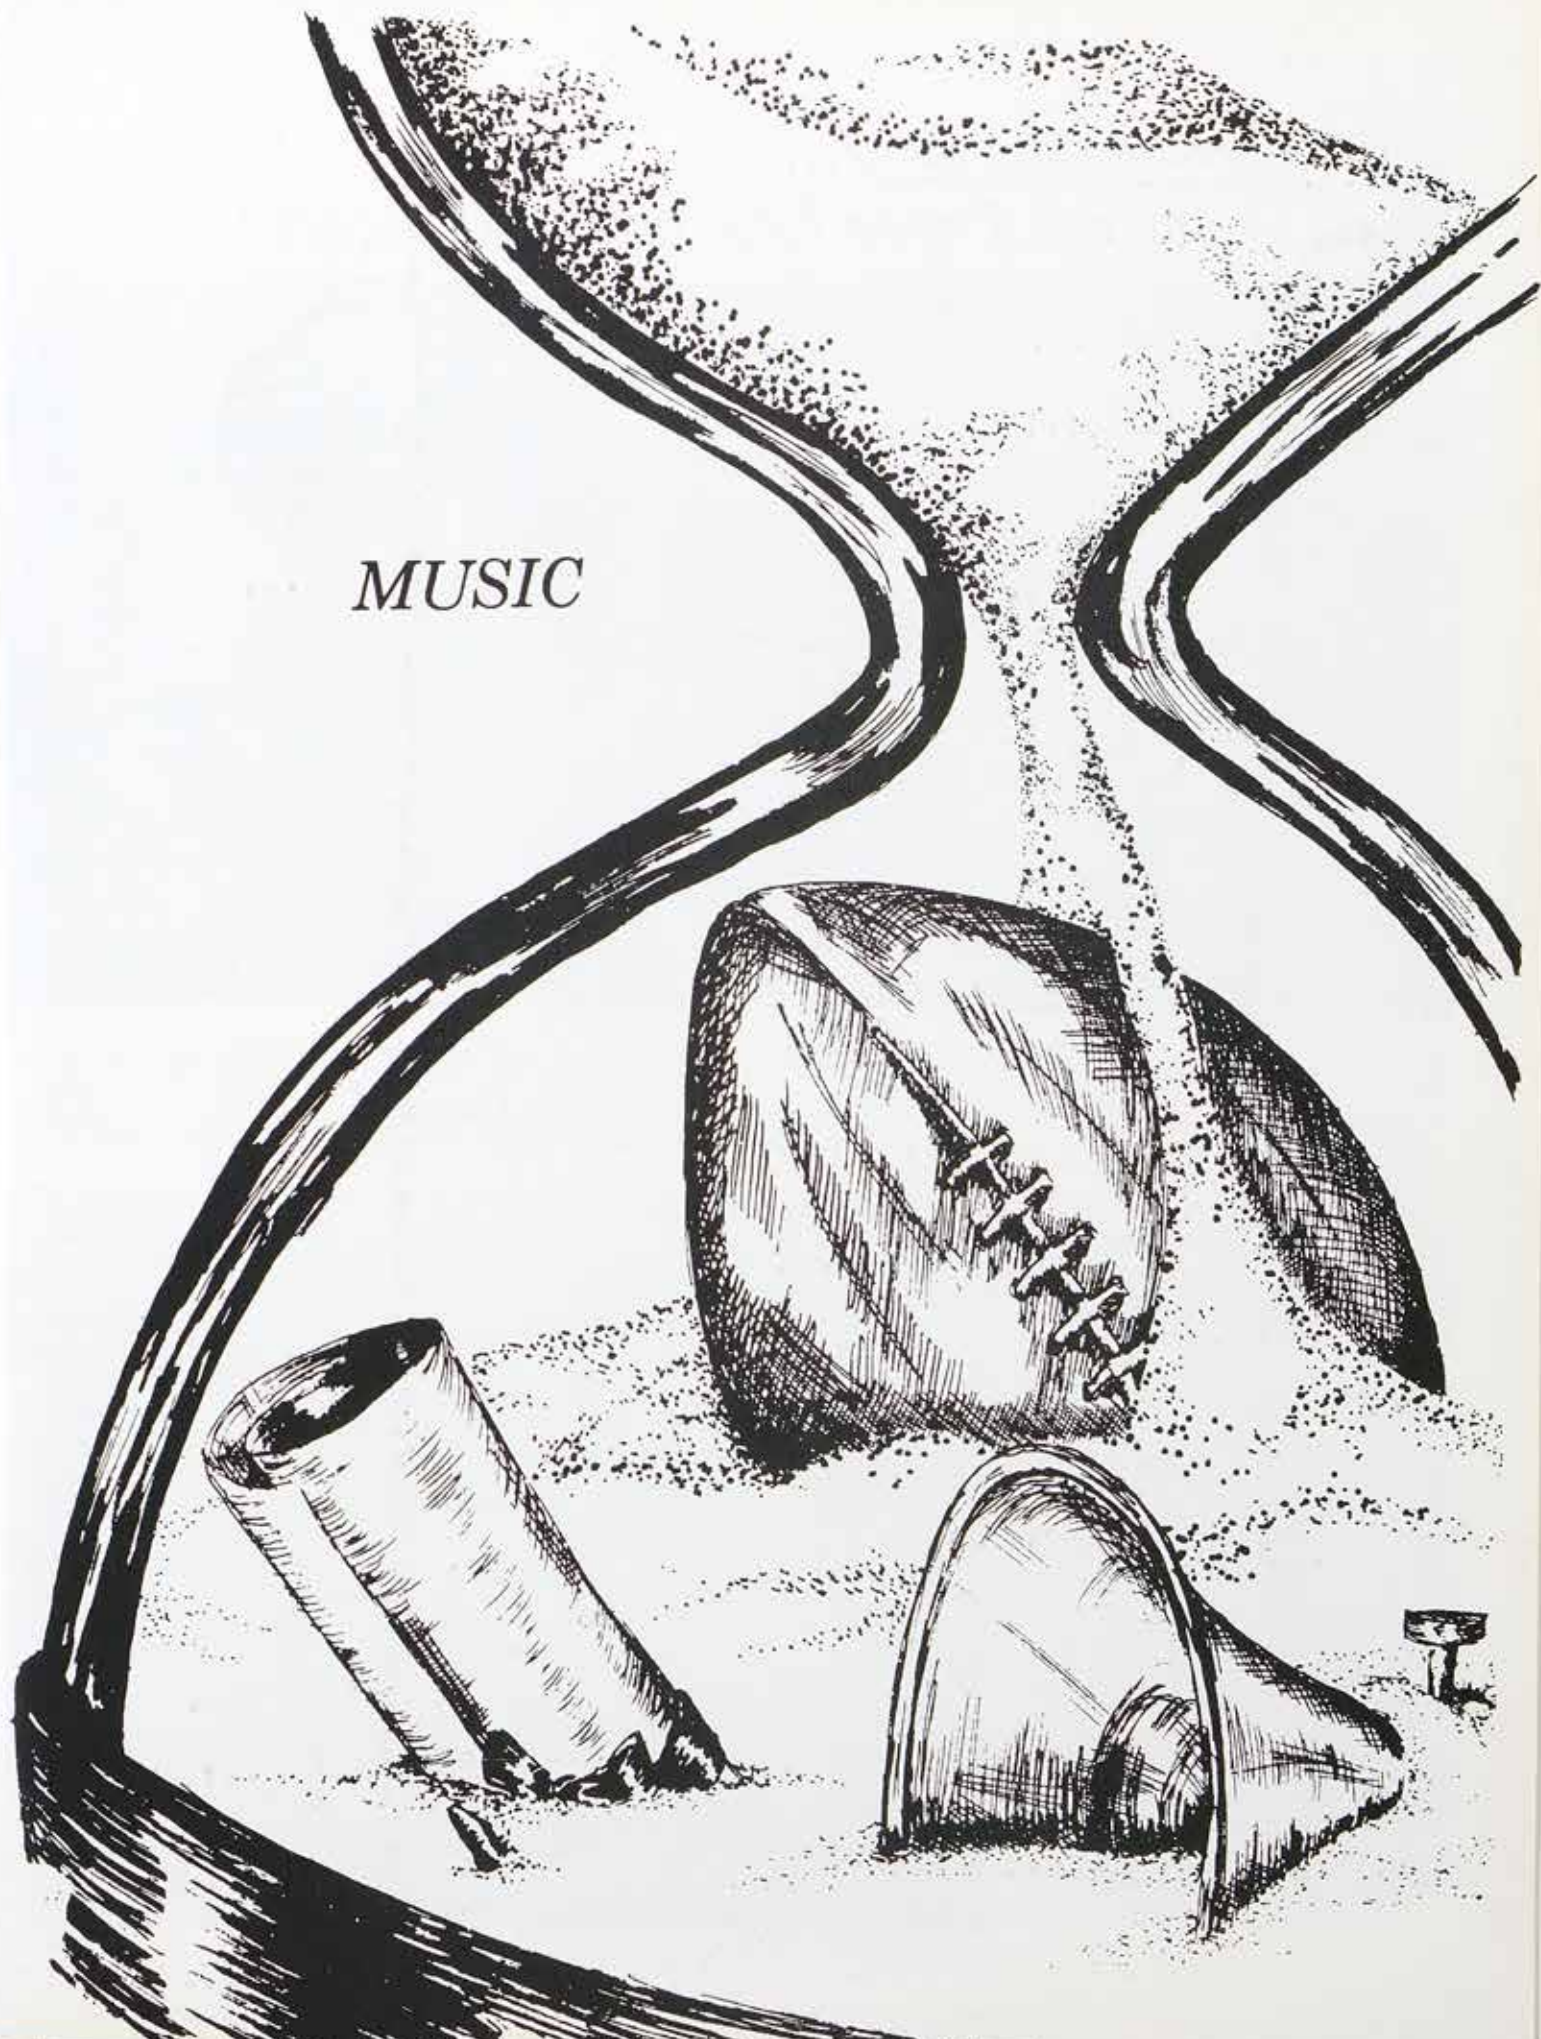

The Student Council is a group of students consisting of the president, vice president, and two elected members of each class. This group assists in directing extra-curricular activities, and bridges the gap between students and the school administration. The main activities of Student Council are the planning of Homecoming festivities. The club also sponsors class olympics, schedules dances, and okays all fund-raising activities. Student Council officers for the year include: President—Bob Hamm, Vice-President—Tim Kalamarz, Secretary—Sue Schweiger, and Treasurer—Theresa Quinn.

Symphony Band's leadership this year helped put off a fantastic concert at Christmas; as well as helping the fruit sale through its rough spots. Their hard effort throughout the winter months showed that they had all become well acquainted with their new director. And their goal now was to create another fantastic concert in springtime. In addition to that, many students practiced hours and hours for solo ensemble, which was held in the Dells this year, with hopes of making it to the state musical festival. Next year's returning veterans are looking forward to another fulfilling year in Symphony Band.

Concert Band

Musicians Strive for Perfection

This year's Concert Band was helped along with the many talents of returning band director Mr. Bestul. The Christmas concert was performed with much praise along with Frank Ginther's reading of "Rudolph the Red-Nosed Reindeer." Having the fruit sale for the first time meant a great responsibility to the freshmen. But with the support of the upper-classmen and their families, their part in the fruit sale proved to be beneficial. Being that the majority of Concert Band are freshmen and sophomores, it almost seemed like they tried harder at their music. After all, they wanted to impress all the people at their first year of High School Solo Ensemble.

1

The Wisconsin Dells Marching Band, under the direction of returning leader Mr. Bestul, had a very up and coming year. Every 4th hour the band was out practicing diligently on the field trying to work out their new routines for the upcoming Friday night half-time show. This year's band was lead by two majorettes: Senior Chris Piekarski and Sophomore Melanie Platt. The half-time shows were much highlighted by three twirlers: Gail Gavinski, Laurie Kahler, and Lori Riggs. For the first time in the history of Dells football, our team played in the State Football Play-Offs. And our Marching Band was right with them. The band gave the team the support they needed when the going was rough.

Concert Choir

Heavenly Voices Ring Through Halls

As heavenly voices rang through the halls, one knew it was the WDHS choir rehearsing for their opening concert at Christmas. Their unusual arrangement of the Christmas procession added an extra glow that evening. During the year the choir, along with their director Bruce Christoph, worked eagerly towards all of their spring activities. These included concerts and solo ensemble, and of course their musical play held prior to summer vacation. When asked of Mr. Christoph what he hoped for in next year's choir, he said, "I hope that next year's choir will also be occupied mainly by upperclassmen because their experience and leadership are much needed."

Swing Choir Makes Trip to Disney World

The Swing Choir has had a very exciting year. The highlights of this year were their performances at Disney World and Lakeland College in Florida. To raise money for the trip, the groups put together a booklet telling about The Corporation and the Wisconsin Dells area. The first performance by The Corporation, was put on at the high school in the last week of January. After this concert, many other shows were performed at area high schools, grade schools, and at other civic functions. The Swing Choir sang a variety of songs all the way from "Bohemian Rhapsody" to "Don't Let the Sun Catch you Crying".

ACADEMICS

Agriculture

AG Students Learn Practical Skills

Agriculture in itself is a broad study. Production agriculture and all of the agri-related businesses in America are included in the program. Students studying agriculture are exposed to many segments of the total program. These include conservation, forestry, crops, soils, chemicals, livestock, dairy cattle, feeding, managing, marketing, taxes, money managing, and all the phases of machinery selections. This year, members of the department are involved in judging contests, Farm Progress Days, banquets, degree awards, money raising activities, speaking contests, and participating in area and state wide learning activities.

4

Art

Students Show Their Talents

Wisconsin Dells students have a wide area of art classes to choose from. There is both a two-dimensional and three-dimensional studio to work in. Art instructor, Mr. Kratochwill, teaches three sections of drawing and painting which include Drawing and Painting I, II, and III, in addition to Studio Problems. He also teaches two sections of ceramics and one in sculpture. The students have facilities that include many carving tools, six wheels, and two kilns to help in their various art projects.

Advanced Studio Problems is designed to help the serious minded art students who have future plans to work in art.

In addition, students are taught creative jewelry and leathercraft techniques by art instructor, Mrs. Montemurro.

4

Business

Students Develop Skills for Business

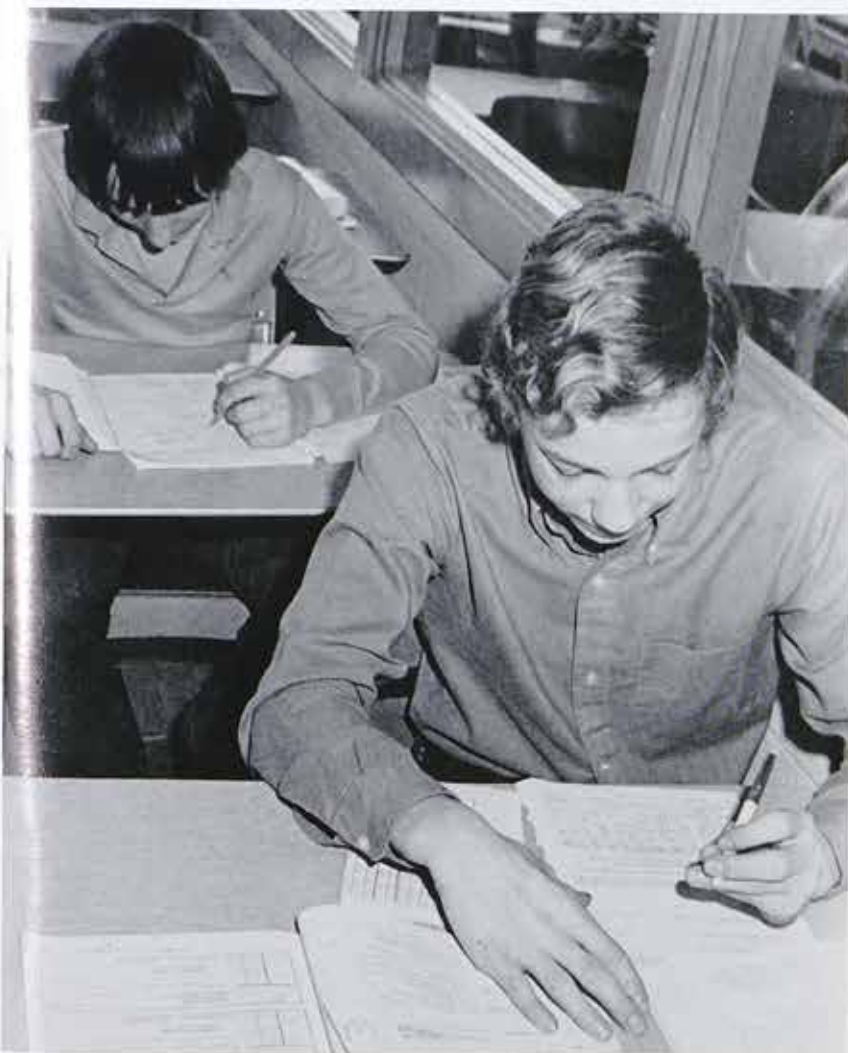

Under the guidance of Miss Beres and Mrs. Reifsteck, business education students work hard to develop skills which will help them personally, and will enable them to find office jobs after they graduate. Typing skills are mastered in either personal typing, Typing I or Typing II. Typing II includes use of transcribing, duplicating and also continuance of typing.

Elementary shorthand students learn to read and write Diamond Jubilee Shorthand, and the advance shorthand students develop transcription and filing skills.

Bookkeeping, personal record keeping and general business students are made aware of the need for accurate records through numerous problems and projects.

Homemaking

Homemaking Teaches Practical Techniques

The fundamentals of family life, cooking, clothing and child care are subjects covered in home economics. Mrs. Brew and Mrs. Golz, teach these classes which are open to both boys and girls.

The food classes have an annual buffet for the faculty, prepare meals for their own groups and visit the grocery store to study food buying. They also have demonstrations of prepared dishes.

Housing and family living classes tour area homes to observe real situations in family life.

Clothing I & II students make clothes for their families and themselves. They also demonstrate clothing construction.

The child care class observes children from infants through school age. They invite children into the classroom and also tour local schools and a pre-school nursery.

At the start of each year, Mr. Simonitsch starts out by teaching basic techniques in woodworking as a first project. Woods I students must make a hand made project. In Woods II students are able to use power tools by passing tests on operation of the tool. In this class, students are able to make anything from a toy to a cabinet. In addition Mr. Simonitsch teaches Graphic Arts which involves all phases of printing. Mr. Capelle teaches Power Mechanics, Auto Mechanics, and Car Care classes which students acquire skills in working with various types of engines.

Journalism

Student Reporters Cover School News

Journalism classes at W.D.H.S. broaden the students scope in the field of mass communication.

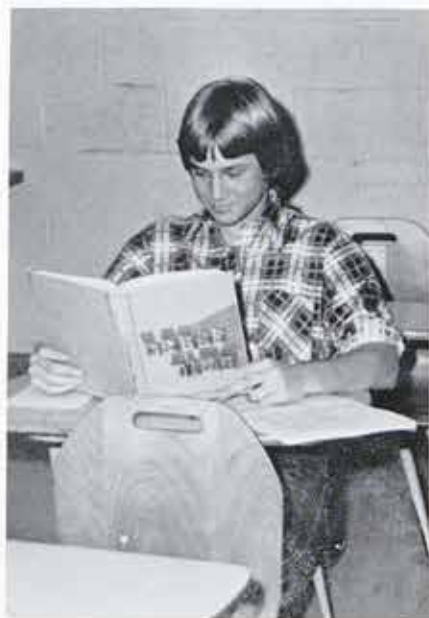

Journalism I students utilize the textbook "Presstime" which covers subjects such as newswriting style, interviewing, editorials, and photography.

In addition, students write for the "Chieftain" and "Chief Chatter" broadcasts.

Journalism II students work exclusively on the yearbook. This year the course curriculum was changed so that the yearly course begins in the Spring. Students learn yearbook techniques during the first semester, and produce the yearbook in the second semester.

English/Spanish

Students Enhance Communication Skills

The English Department offers a large selection in courses. Literature, oral, and writing are the three basic fields which courses are picked. A student has to select at least one subject from each field, achieving three-and-a-half credits in all to graduate at WDHS.

Students are also offered a foreign language selection. Spanish courses range from basic Spanish I to advanced Spanish IV. Spanish is an elective, but colleges allow students to advance faster if they have accumulated enough knowledge in their high school foreign language courses.

Library/Study Hall

Center for Research and Study

High school students use the library as a center for research and study. Each period students come from study halls to find material to supplement their classroom work.

The upper level of the library is free for study and reading, except when entire classes reserve it for group research. The lower level is for reference study, concerning term papers and research work.

Math *It All Adds Up*

This year we have a new teacher in the math department. Mrs. Thomas teaches Algebra 1, Algebra 101-A, and Algebra 101-B. Mr. Engsborg is teaching geometry, Math IV, and general math. The two algebra courses increased the student's skill to solve complicated proofs and equations. Geometry students use proven laws to make conclusions about geometric figures. This course changed many student's beliefs that math is a subject concerned only with the basic operations.

Mr. Engsborg's teaching methods manage to mix fun with learning experience. Throughout the year, many students became well acquainted with calculators and many other learning objects. Second semester the Math IV students traveled to Madison, to try their hands at programming computers. This proved to be a learning experience both for students and computers alike.

Phy Ed/Health

Working Together for Physical Fitness

WDHS has adopted many new ideas involving the phy ed department. Juniors and seniors are once again participating in co-ed gym classes. Angling and yoga are two new classes included in the curriculum. Sections are three weeks in length in which seniors are taking five sections and juniors are taking six. Freshmen and sophomores meet in the traditional phy ed system.

The new health system has finished its second year. The health program was adopted with the co-ed phy ed classes. Instead of freshmen and sophomores being required to take health for two years once a week, they now are required to attend every day for one semester during their sophomore year. Mr. Johnson instructs three basic points throughout the semester: mental, social, and physical health.

Science

Science Courses Range in a Great Variety

1

Science courses range in a great variety of fields. Classes offered are ISCS, botany, ecology, zoology, general biology, life science, physics and chemistry. Freshmen are the only class required to take a full year of ISCS. A student must have two credits of science to graduate from WDHS.

The science curriculum has made many changes in the past few years, but there will always be strange odors passing through the air, occasional explosions during the oddest times, and girls screaming from dissected frogs hanging in their lockers.

Social Studies

Students Explore Lives of Others

At WDHS, freshmen start their year studying social studies with Mr. Horn, or take humanities with Mr. Park. Mr. Lake teaches U.S. History to the students on the junior level. During students senior year, social problems is taught by Mr. Lewison. Every student is required to take three years of social studies before graduation.

The social problems class is very beneficial and provides students with a better understanding about government. The students study problems of yesterday and today. Many special speakers are guests of social problems classes. Their interviews help to gap book learning with the current problems of today.

Special Departments

Special Departments Aid Students and Teachers

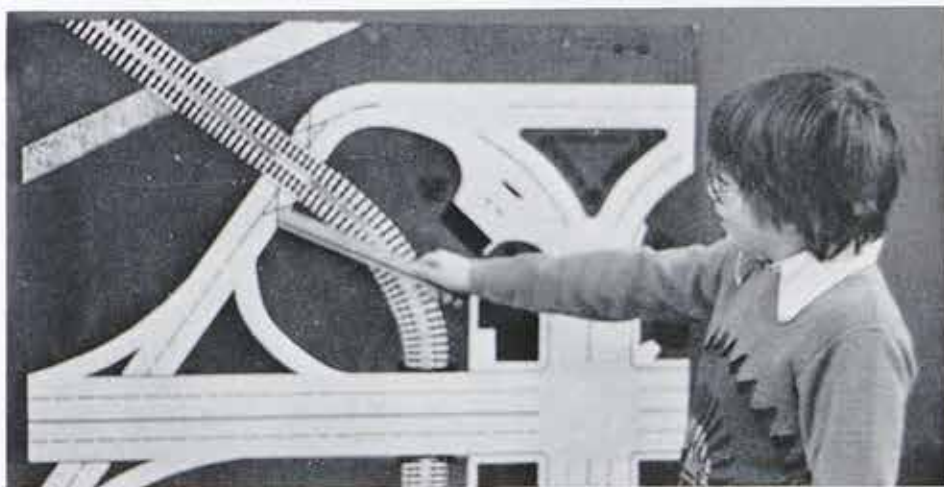

1

The counseling staff at WDHs consists of Mr. Skarda, Mrs. Skarda, and Mrs. Keeble. Mr. Skarda counsels the student of the 10th, 11th, and 12th grades. Mrs. Skarda is the helpful secretary to Mr. Skarda. Mrs. Keeble counsels the junior high students and the freshmen.

Mr. Lucke is the driver's ed teacher. He teaches classroom and behind-the-wheel driver's education.

Mr. Torgerson is the A.V. coordinator. The A.V. crew tapes all games and television programs that provide classes with a better understanding of the subject they are studying. Members of the A.V. crew consist of Wes Palmer, Randy Bauernfiend, Floyd Hynek, Tom Poppie, Chris Frederiken, Eddie Rogers, Brian Mallory, Mark Cook, Brian Sherd, and Shawn Schehr.

Staff Members Say "Thank-You Mr. Kruse"

The students of WDHS would like to say a big "Thank-You" to Mr. Bob Kruse for all the help he has given us. Mr. Kruse is a resident of Chicago, Illinois. He travels many times to the Dells every month. Mr. Kruse is here for every special event and activity that arrives. He is an ardent photographer and devotes his time in helping the publications class. He generously shares many pictures with our students at WDHS. It is so hard to tell you how thankful we are for your time and advice to the annual staff. We have devoted this page especially for you, Mr. Kruse. "Thank-You."

Times to Remember

There will be so many times to remember when we depart from this school. These four years are a turning point to every individual. We learn about people and the future that awaits us. We become friends with everyone and meet many challenges. We laugh together and cry over the times we have experienced. We grow together and share our thoughts with one another. There will be many times to remember that will never be forgotten.
